

# TOWEL warmers

Our selection of heated towel warmers will dry or warm your towels to give you the ultimate comfort & luxury. They combine a range of styles & outputs & are available in a wide selection of sizes & finishes. Many of the rails will also heat the bathroom.

The Ultraheat ranges all work with your conventional central heating system (boiler & radiators). The styles marked DF (dual fuel) can also be fitted with an optional electrical heating element allowing the rail to operate independently from your heating system.

**ULTRAHEAT**

# ▶ ULTRAHEAT TOWEL WARMERS

## ULTRAHEAT

= Compatible for dual fuel system to work independently from central heating when used with an optional electrical heating element (See Electrical Elements).
